### **DETAILED ACTION**

1. Applicant's election of group I in paper filed on June 29, 2006 is acknowledged.

Because the applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse; see MPEP 818.03(a).

2. Claims 1-3 are pending in the application. Claims 4-45 are withdrawn from further consideration as being directed to non-elected inventions.

### **EXAMINER'S AMENDMENT**

3. The following amendment is pursuant to a telephone conversation with the applicant's attorney, Mr. Michael B. Martin on July 12, 2006. The following changes have been made in claims:

Cancel claims 4-45 directed to non-elected subject matter without prejudice to the filing of a divisional application.

### **REASONS FOR ALLOWANCE**

4. The following is an examiner's statement of reasons for allowance:

Claims 1-3 are allowed since the instant compounds of claims 1-3 are neither disclosed nor obvious over the prior art. In the art, Dutova ( U.S. Patent 7,026,019 ) discloses compounds of formulae IV and XV ( see col. 17, lines 10-20 ) which are closely related

to instant compounds. However, these specific compounds are excluded by a proviso and furthermore, does not constitute a prior art reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
